2024 10X Rosé

Our Thoughts

Delicate on the nose and subtle on the palate, lemon barley and grapefruit pith drive the fruit profile while complimenting the savoury nature of this wine. Bright and soft, a style that welcomes any season.

Produced from fruit from each of our vineyards, this wine is a culmination of hours of hand sorting which allows us to separate bunches that are not ripe enough for red wine but perfect for rosé. This is part of our shift towards more sustainable practices with less wastage and higher quality wines overall.

Vintage Comment

After a wet spring, the 2024 season gave ample sunlight and ideal ripening conditions across all varieties. Phenological ripeness was uniform and flavours although delayed, were abundant in great concentrations.
